ARTICLE FROM ASAHI SHIMBUN, 11 August 1940

"Last Blow to Chungking
Expansion of coastal blockade enforced.
Navy notifies Third Powers."

Special telegram from Shanghai, August 10: Since the proclamation on the 15th of last month, our Navy has enforced a complete blockade and isolation of the Chekiang-Kanching route which is dependent upon the three ports of Ningpo, Wen-Chow and Fu-Chow and which was the last lifeline for the supply of resistance goods to the Chungking Regime.

A great blow has been dealt the weakening Chiang Regime by successfully continuing the blockade and by firm operations against all vessels of Third Powers which pass through the blockade line of our warships and Chinese ships flying the colors of Third Powers. In view of the good results, the navy, furthermore, determined to strengthen the blockade and Shimada Shigetaro, Commander-in-Chief of the China Area Fleet, notified the Diplomatic Corps and other organs of third powers of this through Consul-General MIURA of Shanghai.

The contents of the proclamation are as follows:

Due to strategic necessity, I hereby proclaim that the below mentioned areas shall be added to the proclamation, issued on 15th of July 1940, concerning the prohibition of entering the waters in and around HANGCHOW Bay, SHINGSHAN-FU, the port of Wen-Chow, the port of FIU-CHOW, SANTUAO and LOYUAN-BAY, and that this proclamation for the additional areas shall be effective from 0000 hours, 15 August 1940.
